ROUND UP

1968

Ryan

Round-up

Published by
The Annual Staff of Ryan High School
Ryan, Oklahoma

Dedication

We wish to dedicate our annual to our Nation's men in uniform. We are grateful for their service at home and abroad, and we realize the great service they are doing in keeping our country free from the adverse forces in our world today.

We especially appreciate the graduates of Ryan High, past and present, who have served our nation so well. In closing, we wish to assure the nation of our devotion and of our support of it and its principles.

Seniors 1968

FACULTY

To the Faculty and Student Body:

It is certainly a pleasure to be associated with the students and staff of Ryan Public School.

The older I become the more convinced I am that Desire, Hard Work, Dedication and Courage are more important to a student, an athlete, or an adult than is native ability. I pray that both our students and staff come to realize and recognize these truths. One thing quite true among children of all ages – they have one thing in common – they close their ears to advice. They open their eyes to an example, whether it be a simple vice such as rushing ahead of another in the lunch line or more serious things such as showing anger, smoking, or drinking; but they also notice things that they should do such as being considerate, kind, thoughtful and patient.

May we all learn to have the courage to stand up for what is right even when we are the minority, and we are in the minority many times – but so were Noah and Jesus.

Sincerely yours,

Glynn Martin

Glynn Martin,
Superintendent

To the Faculty and Student Body:

I wish to thank each of you for welcoming me into the Ryan School and for your cooperation in making this a successful school year.

It is my desire that each of our students become a successful citizen. To accomplish this you must prepare yourself to earn a living, find your place in the community and in society, as well as finding the proper relationship with God.

In conclusion, always remember that success is achieved, not awarded.

Sincerely yours,

Loyd L. Penick

Loyd L. Penick,
Principal
Math Department

School Board

President Mr. Robert Huff, Clerk Mr. Robert Tindol, Treasurer Mr. J. D. Harris, Vice-President Mr. Dalton Benton, Mr. Gerald Hall, Mr. Arthur Johnson (not present).

To The Student Body and Faculty:

It has been a pleasure to have been associated with the Ryan School this year, 1967-1968.

You students have willingly achieved another year of education. You will never regret this and should always work toward higher goals. An education is the most valuable tool you will use throughout your life.

The members of the faculty have been most congenial and dauntlessly carried out their duties. Communities sometimes fail to recognize the fact that their teachers have a great influence on future generations. For the help and guidance you have offered and will continue to offer we are thankful.

For every right there is a responsibility; for every privilege, there is an obligation.

Cordially,
RYAN SCHOOL BOARD MEMBERS

We the Seniors of 1968 wish to express our sincere appreciation to our class sponsors, MRS. FRANCES JONES and MR. LOYD PENICK.

They have proven to be valuable assistants, counselors and have provided us with innumerable laughs.

We feel that this year would not have been complete had it not been for these two people.

Their devotion to us has held firm all through the experiences with us this year.
